Dear Time Attack EDC competitor

Anglo American Oil Company race fuel service for 2008

For those of you who are unfamiliar with Anglo American Oil Company, we are the Europe and Middle Eastern distributor for Sunoco race fuels and we supported the 2007 series in the form of race fuel as prizes.

We are pleased to confirm that for 2008, we will become more actively involved and would like to offer our race fuel range to all competitors at discounted prices. In addition we will, subject to a positive level of response, undertake to ship all orders to the events freight free.

If you would like to use this service, please return the completed form overleaf, or call us to discuss your requirements
