

Face Mask Requirements at Motorsport UK Events

Why mandate the wearing of face masks?

- In response to feedback from the community regarding inconsistent adherence to social distancing and the wearing of face coverings when needed.
- Following the reduction of social groupings to a maximum of 6, there is heightened focus on all activities where this may be an issue and sport is most vulnerable.
- Sport is largely a discretionary activity as far as the Government is concerned.
- Our COVID-19 Officers have a difficult task in the management of people at venues, with some disciplines more challenging than others. This has led to a need for a universal application of the rules.
- To ensure motorsport can maintain the support of Government in allowing us to continue to run events and enjoy the freedom to compete.
